What can Taia do for you?

### Document Translation

Our specialized linguists make sure your document is translated with the highest quality, getting your message across exactly as you imagined it.

### Machine Translation / Instant AI

Need it fast and cheap, but don’t care if the quality is not 100%? Machine Translation with our unique Instant AI feature is what you need. Taia’s AI translates instantly and keeps the documents in the original format – for more than 70 file types!

### Legal/Sworn Translations

Taia provides different types of official translations depending on your needs. Let our expert translators take care of your legal translation needs!

### Website Translation

Get more traffic to your website by adapting to your target audience. Even among people with a high level of proficiency in English, 76% prefer content in their native language.

### Software Translation

Non-native English markets dominate both the iOS and Google Play charts. Make sure to adapt your app to your target audience and create a great user experience for them.

### Subtitle Translation

Video content already makes up more than 80% of all consumer internet traffic. Therefore, adding and translating subtitles has become a must.

### Proofreading

Have an experienced linguist proofread your content. This way the written content comes off as if it were written by a professional native speaker.

### Interpreting

From simultaneous interpreting during a business meeting to interpreting at a large conference, these services are an important part of everyday communication.

### Transcription

Convert your audio or video content into written form and enable a wider audience to access it. Have your content available in any form depending on the preferences of your target audience.

### Voice-over

Find the best voice-over for your video content and grab your audience's attention! We help you find the right voice for any occasion and arrange everything from start to finish.
